WELCOME ABOARD NAS BARBER'S POINT

We hope you will find the coming months both profitable and enjoyable. Those who have been at NAS BARBER'S POINT in the past know that this station is one of the finest support facilities in the Pacific.

Every man in the Navy constantly strives to be a part of the winning team our service produces. This booklet has been prepared to help all new men get "squared away" as soon as possible so that they can feel at home and take advantage of the many benefits this Command offers its men.

HISTORY

BARBER'S POINT, NAVAL AIR STATION, comprising 3,693 acres of land is located on the coral plains 25 miles by road from Honolulu. The station is near the point named for the unfortunate Captain Henry Barber of the British Brig "Arthur", which was wrecked during a tropical storm on the coral reef in 1769. Hawaiian legend hints that the area now occupied by the air station may once have been the floor of that coral reef—and that the station on this foundation may, as Hawaiian name (Long Cape) implies, hang suspended over the fathomless sea.

BARBER'S POINT, under construction just two months before the Pearl Harbor attack and commissioned on 15 April 1942, is now one of the Navy's largest air stations. The story of its rise from the wilderness of coral and tangled brambles to an efficient military power-house in the space of a few months, is one of the sagas of American productive genius.

WORLD WAR TWO AT BARBER'S POINT: During the war, the station became one of the busiest air bases in the world, handling more take-offs and landings in a 24 hour period than known of any other air field. Training squadrons maintained a pool for replacement of carrier pilots. Carrier Aircraft Service Unit 2, which was based at this station, contributed greatly to the war effort by servicing planes assigned to the USS LEXINGTON, YORKTOWN and ENTERPRISE. Air groups from the USS HORNET, SARATOGA and ESSEX were based at this station for changes, modifications and extended training before rejoining their ships. British Fighter Squadrons from HMS VICTORIOUS came to the station for night flying refresher training. At the termination of the war, carrier airplanes were pooled at this station, while the "MAGIC CARPET" carrier fleet returned personnel to the Continental United States.

The assembly and repair department, one of the largest and best in the Pacific, set an impressive war-time record--345 airplane engines given overhaul and checks in a single month and in less than a year of peak operation, turned out 2,500 engines.

The supply department maintained a 150 acre plane-pool storage area and supplied squadrons bound for the forward area with all necessary parts and replacements.

PRESENT MISSION: Upon the closing of the other air stations in the Hawaiian area in 1949, NAVAL AIR STATION, BARBER'S POINT assumed support of all naval air operations in this area. BARBER'S POINT during the Korean conflict assumed its previous role as a supporting activity for fleet squadrons and transport squadrons supplying the UNITED NATIONS FORCES with vital cargo and replacement personnel.

STATION ORGANIZATION

NAS BARBER'S POINT is under the Military control of Commander, Naval Air Bases, 14ND.

Internally, NAS BARBER'S POINT has 9 departments which are divided into divisions. The departments are Administrative, Operations, Communications, Supply and Fiscal, Public Works, Medical, Dental, Security and Industrial Relations.

MILITARY COURTESY

A hand salute and a cheerful "Good Morning, Sir" is a greeting of friendship and an age old mark of recognition between men proud to be members of the same service. Salute your superior's upon meeting them. Salute the OOD whenever you address him. Have all the necessary identification cards ready when going ashore. Cooperate with the Marines sentries at the Gates. Salute the colors every time it passes in review or at the flag raising and lowering ceremonies. Remember, in the Navy, salutes are rendered only when you are covered. They are not a sign of subservience or inferiority but a mark of respect and friendship.

HOUSING

There are both Public Quarters and Title VIII housing available for married personnel at Barber's Point. Assignments are made in order of application - first come, first served. Therefore, if you desire quarters, or help in finding off station housing, check at the Housing Office, Building 1142, (tel. PH 65173 or 65256) as soon as possible after arriving at Barber's Point. The housing office is located in Building 1142 on F. D. Roosevelt near the intersection at Coral Sea. There you may apply for Public Quarters or Title VIII Housing, or for the first which could be made available to you. Your name will be entered at the bottom of the list. Ordinarily, you should expect to wait about ___ to ___ months before quarters become available.

PUBLIC QUARTERS: The assignment of public quarters requires forfeiture of rental allowance. These quarters are located on the Naval Air Station at Barber's Point. The rental allowance covers the quarters and all utilities. They have hot and cold water and are provided with an electric refrigerator, electric stove and complete minimum furniture. The Public Works Department keeps the grass cut and maintains the grounds.

Assignments are made according to need. For example----a one-bedroom home is ordinarily assigned to a couple without children; a two-bedroom home to a family with one, two or three children of the same sex; and a three-bedroom home to a family with two or more children over two years old of different sexes. Exceptions are made. The assignment of a larger than normal home can be made when such quarters are available.

TITLE VIII HOUSING: Title VIII or WHERRY ACT HOUSING, known as Coral Rose Manor and Coral Rose Gardens, is located adjacent to Barber's Point. They are family type quarters for assignment to Navy Personnel stationed at Barber's Point. They are unfurnished except for electric stove, refrigerator and water heater.

Title VIII assignments are made at the Station Housing Office and are ordinarily based on need. However, a family may be assigned a larger set of quarters when they are in excess of requirements. Approximate monthly rentals:

Senior Officers Quarters:	2 bedroom	\$ 92.50
	3 bedroom	\$115.00
Junior Officers Quarters:	1 bedroom	\$ 77.00
	2 bedroom	\$ 82.50
	3 bedroom	\$ 88.00
	4 bedroom	\$104.38
Enlisted Mens Quarters:	1 bedroom	\$ 69.00
	2 bedroom	\$ 74.00
	3 bedroom	\$ 79.75
	4 bedroom	\$ 94.63

Utilities, prorated, add about \$3.50 a month to the above rental. A \$50.00 deposit is required, together with the first month's rental, at the time the quarters assignment is made. The deposit, less any deductions assessed for damages, is returned after the quarters are vacated.

OFF STATION HOUSING: The Housing Office staff is glad to help locate off station housing for those preferring to live in Honolulu, Waikiki or other local areas during their tour of duty in the Islands.

PRIVILEGE IDENTIFICATION CARDS AND OTHER PASSES

The Pass and PID office of the Security Department located near Gate 2 is open from 0730 to 1600 on weekdays. Newcomers go there for assorted passes, stickers and permits which are needed in order to comply with the station regulations. Motor vehicles, firearms, pets, and cameras must be registered and a pass must be issued for them before they can be brought aboard the station. Married personnel should have PID cards so that they and their dependents can make use of the various retail and amusement facilities located on the island. Enlisted personnel should obtain the PID application and have it signed by their personnel officer prior to reporting to Security.

MOTOR VEHICLE INFORMATION

For all vehicles other than motorcycles or scooters, an Armed Forces Motor Vehicle Pass is issued. This is a decal which you affix to your windshield and which will get you into most any military reservation on the island providing you have your ID card. For motorcycles and scooters you will be issued a metal plate if you meet the requirements below with the restriction that the scooter or motorcycle can't exceed ten horsepower. You will keep this pass as long as you are on the station, unless you sell your vehicle, in which event you return it along with the Station Registration Card you were issued. In order to obtain the decal you need:

(1) Public Liability and Property Damage Insurance in the minimum amounts of \$5,000/\$10,000/\$5,000. Insurance must provide coverage both on and off the station.

(2) Current Territorial Registration of vehicle or Territorial Tax exemption certificate which permits you to use your stateside registration and plates.

(a) If your automobile arrives in the Territory of Hawaii with license plates issued by the State of your legal residence, these plates may be validated for local use by submission of an application for a non resident tax exempt permit. Application for a non-resident tax exempt permit must be certified by the Personnel Officer of the individual concerned, prior to presenting it to the City and County Treasurer's Office, City Hall, corner of Punchbowl and King Streets. Forms may be obtained at the security Office.

(3) VALID TERRITORIAL DRIVER'S LICENSE: A Territorial driver's license is required for operating a motor vehicle on the Island of Oahu. However, if you have a valid stateside driver's license, the law allows you to operate a motor vehicle for a period of ninety (90) days, effective upon your date of arrival. Service personnel who have a valid stateside operator's license and/or a government operator's permit may obtain a territorial driver's license without a road or written test. Driver's license may be obtained at the Honolulu Police Department, Merchant and Bethel Streets, near Pier 12, Honolulu. The cost of a territorial driver's is \$3.00. Age requirement for license is 20 years. Servicemen below 20 years of age may obtain license upon presentation of a Notarized Affidavit (form obtained from any Honolulu Police Station) signed by parents or sponsor certifying that they will accept complete financial responsibility in connection with the operation of a motor vehicle.

(4) VALID TERRITORIAL SAFETY STICKER: May be obtained at Numerous service stations on the Island. Must be within 48 hours. When you have these documents present them at the Security Office, fill out the application supplied there, and you'll be issued a decal. If you can't meet these requirements, you can be issued a thirty day temporary pass if you have:

(a) A valid driver's license from any state or territory of the United States.

(b) Stateside or territorial registration or any other document which satisfies the Security Officer that you own the car.

(c) Valid Safety Sticker from any state or territory.

If you can't meet these requirements, you can still get three Visitor's Passes good for twenty-four hours while you are scraping up the required documents. Remember, these passes are only valid for one owner and one car so don't transfer them.

MEDICAL - BLDG 16

SICK CALL-MILITARY PERSONNEL: Hours for sick call are 0800, 1300 and 1800 daily. Emergencies will be seen at any time.

DEPENDENTS: Dependents clinic hours are from 0800 to 1200 Monday through Friday and from 1300 to 1600 Monday, Tuesday, Thursday and Friday. Emergencies will be seen at any time. Patients are seen on a "First come, first seen" basis. No appointments are necessary except in the case of prenatal patients. Military personnel (WAVES) and emergencies will ordinarily be seen immediately, regardless of time of arrival, at the discretion of the nurse or Medical Officer. Although emergencies will be seen at any time, the primary duty of the Medical Officer of the Day is to treat military personnel and to hold himself in readiness for emergencies that might occur during his watch. For this reason, and also because nurses or female attendants and other facilities are not available after working hours, dependents should not expect the

Medical Officer of the Day to render routine treatment that could and should have been obtained during regular working hours in the Dependents Clinic.

DENTAL CLINIC - BLDG 16

Appointments are given military personnel as required after preliminary examination. Examinations given Monday through Friday, 0800. Emergency Treatment Anytime.

TRAINING, ADVANCEMENT, GENERAL EDUCATION

BUPERS has established certain basic requirements which you must complete in order to be qualified for advancement to PO3, PO2, PO1 and CPO:

(1) Completion of the General Training Course for Petty Officers (NAVPERS 10055 or Enlisted Correspondence Course NAVPERS 91203)

(2) Completion of Mandatory Professional Navy Training Courses (see NAVPERS 10052-B)

(3) Completion of the Military and Professional Practical Factor requirements for the next higher pay grade.

The Station Training Office will help you meet requirement for advancement by providing Navy Training Course Books and End-of-Course tests on same. Also, all applications for Officer and Enlisted Correspondence Courses are processed here.

For those men taking the local End-of-Course test on the General Training Course for Petty Officer, a 3.0 passing grade is required.

Professional Practical Factors are checked within the division. Military Practical Factors are checked through NAS Education. Ask for a Military Practical Factor performance sheet for your pay grade as you check in. It can be completed within a few weeks. Do it now!

MILITARY ORIENTATION: There are 8 orientation lectures that all personnel in pay grades E-2 and E-3 reporting for duty at NAS BARBER'S POINT are required to attend during their first month aboard. These lectures count towards the E-3 advancement requirements. A notice will be published. Check for your name.

To make E-3: Attend lectures, complete the appropriate E-3 Correspondence Course and complete Practical Factors.

USAFI - GED TESTING - HIGH SCHOOL CREDIT: USAFI correspondence course-High School and College level GED tests are available through our GED testing section. The I&E division will help you plan your study program. Work for a H. S. Diploma or College Credit. Take your courses and tests while at NAS.

MAIL SERVICE

The Station Post Office (building #3) provides all postal services such as sale of stamps and money orders, handling of letters, parcel post and registered mail. It does not, however, sell savings bonds or stamps.

Post Office boxes are limited in their availability to personnel in squadrons which deploy periodically for advance bases.

All correspondents should be advised that the correct mailing address is as shown in example:
